MCFL launches Masino Nuskho

Mayank Cattle Food Limited is excited to announce the launch of its latest product, Masino Nuskho. As a leading provider of quality Cattle Feed, we are committed to introducing innovative solutions that meet the evolving needs of our consumers. Masino Nuskho represents our dedication to delivering excellence in both quality and functionality.

About Masino Nuskho:

Masino Nuskho is a traditional herbal and Ayurvedic formulation specially designed for animals after delivery. Crafted under veterinary guidance, this unique blend combines natural ingredients and other beneficial substances. It supports postnatal recovery, aids digestion, and promotes overall well-being in livestock through time-tested, holistic care.

Key Benefits of Masino Nuskho:

Helps in clearing the uterus of animals after delivery: Masino Nuskho supports the natural expulsion of postpartum waste and residual fluids from the uterus, promoting a cleaner and faster recovery process.

Aids in reducing the risk of uterine infections in animals: Its herbal antibacterial and anti-inflammatory properties help lower the chances of infections in the uterus after delivery, ensuring better reproductive health.

Promotes increased milk production after delivery: The formulation stimulates lactation and improves milk flow, helping animals produce more milk to nourish their young effectively.

Enhances disease resistance power: Rich in natural immunity-boosting ingredients, it strengthens the animal's overall resistance against infections and diseases during the vulnerable postnatal period.

Improves digestion and helps in relieving indigestion and bloating: Ingredients like Ajwain and Fenugreek aid in regulating digestion, reducing bloating, and easing gastrointestinal discomfort.

Helps in reducing body pain, fever, and uterine contractions in animals, and assists in providing water: With natural pain-relieving and anti-inflammatory components, it helps ease body aches, lower fever, and reduce post-delivery uterine spasms. Additionally, it encourages hydration by stimulating thirst.

Comments from Mr. Bharat Vachhani, Managing Director:
